As part of its Next Generation of Managed Care, and in partnership with the Governor's Children's Initiative and other child-serving state agencies, the Ohio Department of Medicaid (ODM) is designing a reimagined Medicaid system and structure to better serve children and youth who have complex behavioral health and multi-system needs through the Ohio Resilience through Integrated Systems and Excellence (OhioRISE) Program. The OhioRISE program also includes a 1915(c) waiver that allows for additional services to be available to youth who meet the eligibility criteria to be enrolled into the waiver. This rule describes out-of-home respite as one of services available through the waiver.

The OhioRISE Program, operated by ODM, is a managed care prepaid inpatient health plan (PIHP) for children with behavioral health needs who are often served by multiple delivery systems in the state. As part of the implementation of the OhioRISE Program, ODM is proposing a new chapter of rules for oversight of the program.

12. **What are the estimated costs of compliance for all persons and/or organizations directly affected by the rule?**

The cost of certification through OhioMHAS is based upon the budget of the agency that is applying for certification. The fee schedule showing the correlation between the agency's budget and the certification cost is located in OhioMHAS OAC rule 5122-25-08. A provider already certified by OhioMHAS, requesting to add an additional service(s) pays a fee based only upon their budget for the new service(s), not their entire budget. When the agency has appropriate accreditation from The Joint Commission, CARF, or COA there is no certification fee owed to OhioMHAS. First aid training costs will also vary by program and geographic region. An informal survey of American Red Cross, American Heart Association and other first aid courses around the state suggests that the average cost is about \$70-75. Tuition can range anywhere from \$50 to over \$110, with lower rates in more rural counties.

13. **Does the rule increase local government costs? (If yes, you must complete an RSFA Part B). No**

14. **Does the rule regulate environmental protection? (If yes, you must complete an RSFA Part C). No**

15. **If the rule imposes a regulation fee, explain how the fee directly relates to your agency's cost in regulating the individual or business.**
