BEFORE THE OHIO ENVIRONMENTAL PROTECTION AGENCY PUBLIC NOTICE OF PROPOSED RULE-MAKING **GOVERNING** HAZARDOUS WASTE MANAGEMENT

Why is Ohio EPA proposing these rules? The purpose of this proposed rule-making is to adopt rules consistent with and equivalent to regulations adopted by the U.S. Environmental Protection Agency (U.S. EPA) pursuant to the Resource Conservation and Recovery Act (RCRA). Specifically, these rules are amended, rescinded, or created pursuant to the RCRA rules addressed by the following Federal Registers (FRs) regarding U.S. EPA's hazardous waste rule-making:

a Please note that Ohio EPA is not addressing all of the regulatory components of this federal rule-making. At this time, we are not proposing some components. For the Liners and Leak Detection FR, the provision we're not proposing is Ohio's "permit shield" provision (in 40 CFR 270.4) which is not in Ohio's hazardous waste management program yet. For the Testing and monitoring FR, the provisions we're not proposing are those in 40 CFR parts 264 and 265, subparts AA and BB, which also are not in Ohio's hazardous waste management program yet. Those regulations will be included in a subsequent Ohio rule-making, not in 2003.		
federal rule-making i Today's proposal ad	o EPA has already addressed most of the provisions of this on the past, and they appear in currently effective state rules. dresses only the Boiler and Industrial Furnace (BIF) eral rule-making, which had been omitted from the previous	

Please note that Ohio EPA will not address the Remedial Action Plan portion of the federal rule-making. Those federal provisions are optional for states to adopt, and Ohio has chosen not to adopt them.

This proposal includes corrections and clarifications that are not directly included in the federal hazardous waste rules, but which are necessary to the Ohio rules to maintain the internal consistency of the Ohio hazardous waste management program. This proposal also includes the review of a number of rules pursuant to Ohio Revised Code section 119.032, which requires Ohio EPA to review certain rules every five years.

What rules are we proposing to amend, rescind, or create as new rules? The Ohio Environmental Protection Agency proposes to amend, rescind, and adopt as new the following rules of the Administrative Code:

What is the relationship of this proposal to the "MegaSet" rules I've been watching for? The rules listed above constitute just over one third of the rules in what you might have heard us refer to as the "MegaSet" rule-making. The "MegaSet" had 385 rules in it, so we are breaking it into three separate proposal groups so that the public, the regulated community, and JCARR are not overwhelmed with that volume of rules to review all at once. Today's proposal is known as "J1" and will be followed in several weeks by "J2" containing about a third of the total, and "J3" will be proposed several weeks after that. This proposal, J1, contains most of the rules being changed to match their federal counterpart provisions- those rules with substantive amendments as well as most of the substantively new rules. J2 and J3 will contain the rules that make less substantive amendments, as well as a number of rules that will be rescinded in order to re-locate them. under a new rule number. J2 and J3 will be proposed under their own separate public hearing notices, and will each have their own public hearing separate from that of today's proposal. Although their proposal dates are different, the rules in J1, J2, and J3 will all have the same effective date. If you need more information about this phased proposal approach, please call Kit Arthur at the number shown at the end of this notice.

When can I tell Ohio EPA what I think about these proposed rules?

A public hearing pursuant to sections 119.02 through 119.04 of the Ohio Revised Code will be conducted on Thursday, October 16, 2003 beginning at 9:30 a.m. in room A in the Division of Hazardous Waste Management, Ohio Environmental Protection Agency, Lazarus Government Center, 122 South Front Street, Columbus, Ohio. All interested persons are entitled to attend or be represented and give their written or verbal comments on this proposed rule-making. A presiding officer will be present until 11:00 a.m. or until all interested persons have been heard if that time interval is insufficient.

How and when do I present my comments at the hearing, or send in my written comments? To provide notice of intent to give verbal comments at the public hearing, contact Kit Arthur, Division of Hazardous Waste Management, Ohio EPA, Lazarus Government Center, 122 South Front Street, Columbus, OH, 43216-1049. To facilitate scheduling of verbal presentations, persons intending to give testimony at the hearing should ensure that Ohio EPA receives notice of such intent by 5:00 p.m. on Wednesday, October 15, 2003. Persons who provide Ohio EPA with prior notice will be heard before persons who register at the hearing.

In order to assure that written communications are considered as part of the official record of this hearing, written communications must be received by Ohio EPA by 5:00 p.m. on Thursday, October 16, 2003. Written communications may be filed with Ms. Arthur at the above address or with the presiding officer during the hearing.

How do I get a copy of the proposed rules?

These rules can be accessed electronically via the Register of Ohio at http://www.RegisterOfOhio.state.oh.us/index. To access by agency, enter "3745 Environmental Protection Agency" and then select the rule number.

To obtain a hard copy of the proposed rules, contact Ohio EPA at 614/644-2129. Please request "Proposed Hazardous Waste Rules Set J-1," and if you leave a message, be sure to include your name, telephone number, and complete mailing address. There is no charge for proposed rules.

Who do I call if I have questions about the proposed rules? Questions concerning this proposed rule-making, other than obtaining copies of the proposed rules, may be addressed to Kit Arthur at 614/644-2932 at Ohio EPA.
