Incorporated Comments into Rule(s)

Indicate how comments received during the hearing process were incorporated into the rule(s).
If no comments were incorporated, explain why not.

The Ohio Chemical Dependency Professionals Board clarified the rule to incorporate the information recommended above by including clarifying language in 4758-6-15(B) that states the 40 hours worked where substance use disorder treatment services are delivered or within the scope of practice of a chemical dependency counselor assistant. In 4758-6-15(B)(1), (2) and (3) the recommendations were included to provide a more practical application of the supervision requirement based on the knowledge and skill of the CDCA.
