These rules address the Hazardous Waste Management Program. There are two purposes for this rulemaking. First, many of these rules are submitted for their required five-year review under Ohio Revised Code 119. Second, several of these rules are amended to improve the equivalence of the Ohio rule with its federal counterpart provision, as amended. Ohio's hazardous waste rules are required to be equivalent to their federal counterpart provisions. Those federal provisions were changed in the following Federal Registers (FRs), and we are updating the Ohio rules accordingly.

Federal Register (FR) subject	FR location, date	Ohio rules proposed to address these federal rule changes
Increasing recycling: adding aerosol cans to the universal waste regulations (aka: Aerosol Cans Rule)	84 FR 67202, dated 12/09/2019	3745-50-10, 3745-50-45, 3745-51-09, 3745-54-01, 3745-65-01, 3745-270-01, 3745-273-01, 3745-273-03, 3745-273-06, 3745-273-09, 3745-273-13, 3745-273-14, 3745-273-32, 3745-273-33, 3745-273-34
Modernizing ignitable liquids determinations	85 FR 40594, dated 07/07/2020	3745-50-11, 3745-51-21

These rules address the Hazardous Waste Management Program. There are two purposes for this rulemaking. First, many of these rules are submitted for their required five-year review under Ohio Revised Code 119. Second, several of these rules are amended to improve the equivalence of the Ohio rule with its federal counterpart provision, as amended. Ohio's hazardous waste rules are required to be equivalent to their federal counterpart provisions. Those federal provisions were changed in the following Federal Registers (FRs), and we are updating the Ohio rules accordingly.

These rules have been filed with the Joint Committee on Agency Rule Review. Copies of the rules are available for public review on our website.

All interested persons are entitled to attend or be represented, and to present comments concerning the proposed rules. All comments received as part of the official record will be considered by the director of Ohio EPA.

Ohio EPA held a public hearing on August 24, 2022, regarding rules in the hazardous waste management program's "Review 2021" rule package. This document summarizes the comments and questions received at the public hearing and during the associated comment period, which ended on August 24, 2022.

Ohio EPA reviewed and considered all comments received during the public comment period. By law, Ohio EPA has authority to consider specific issues related to protection of the environment and public health.

One person provided comments on this rules package. The name of the commenter follows the comment in parentheses.

### **General/Overall Concerns**

**Comment 1:**        **The commenter supports Ohio's adoption of the federal universal waste aerosol can rules. (Nicholas B. Georges, Senior Vice President, Scientific and International Affairs, Household & Commercial Products Association)**

**Response 1:** Ohio EPA would like to thank the Household & Commercial Products Association for their support of Ohio's adoption of the federal universal waste aerosol can rules. Ohio EPA's rules must be equivalent to their federal counterparts for the agency to maintain authorization to regulate hazardous waste in Ohio and this rulemaking reflects that requirement.
