Consolidated Summary of Comments Received

Please review all comments received and complete a consolidated summary paragraph of the comments and indicate the rule number(s).

Harris Capps recommended adding a definition of "person-centered planning" to rule 5123-7-01 and suggested the definition should say that person-centered planning is a form of "supported decision making" as defined in the Section 2108.36 of the Revised Code.

Incorporated Comments into Rule(s)

Indicate how comments received during the hearing process were incorporated into the rule(s). If no comments were incorporated, explain why not.

Person-centered planning is defined in rule 5123-3-03 (Licensed residential facilities - person-centered planning). Paragraph (E) of that rule specifically addresses person-centered planning for individuals residing at Intermediate Care Facilities for Individuals with Intellectual Disabilities (ICFIID). As rule 5123-3-03 addresses person-centered planning for ICFIID, "person-centered planning" need not be defined in rule 5123-7-01.
