These rules address the Hazardous Waste Management Program regulations. There are two purposes for this rulemaking. First, some of these rules are submitted for their required five-year review under Ohio Revised Code 119. Second, the remaining rules in this package have either been amended to improve the equivalence of the Ohio rule with its federal counterpart provision, rescinded (to be replaced by a new rule), or promulgated as new to add an Ohio equivalent to the federal rules. Under both state and federal regulations, Ohio's hazardous waste rules are required to be equivalent to their federal counterpart provisions. Those federal provisions were changed in the following Federal Registers (FRs), and we are updating or adding Ohio rules accordingly.

Federal Register (FR) subject	Page and Date in FR
Research, Development, and Demonstration (RD&D) Permits	50 FR 28751, 07/15/1995
Hazardous Remediation Waste Management Requirements Remedial Action Plans (HWIR Media-RAPs)	63 FR 65874, 11/30/1998
Standardized Permit for RCRA Hazardous Waste Management Permits	70 FR 53420, 09/08/2005
Hazardous Waste Technical Corrections and Clarifications Rule	75 FR 12989, 03/18/2010
Revisions to Procedural Rules to Clarify Practices and Procedures Applicable In Permit Appeals Pending Before the Environmental Appeals Board	78 FR 5288, 01/25/2013
Hazardous Waste Export-Import Revisions rule	81 FR 85696, 11/28/2016
Hazardous Waste Generator Improvements Rule	81 FR 85732, 11/28/2016
Technical Corrections Rule, Direct Final Rule	88 FR 54086, 08/09/2023
Partial Withdrawal of the Technical Corrections Rule, Direct Final Rule	88 FR 84718, 12/06/2023
Housekeeping, state-initiated amendments not directly related to the above FRs, including 5-year review amendments	Not in FRs

The public comment period will run until December 20, 2024. A public hearing on this proposed rulemaking will be held to consider public comments in accordance with Section 119.03 of the Ohio Revised Code. Ohio EPA will hold an in-person and virtual

public hearing on the rules on December 20, at 2:00pm. The in-person hearing will be at the same time and date and will be located at Ohio EPA, Suite 700, 50 W. Town Street, Columbus, Ohio 43215. During the hearing, the public may submit written comments on the record about the proposed rules if participating virtually and verbally if participating in person.

Citizens who want to participate virtually must register in advance for the meeting at: <https://attendee.gotowebinar.com/register/8475887092056971615>

Registration for the in-person hearing is not required. Citizens intending to give testimony at the hearing should notify the Ohio EPA Public Interest Center, P.O. Box 1049, Columbus, Ohio 43216-1049, 614/644-2160 or by emailing mary.mccarron@epa.ohio.gov. Prior registration will ensure that registrants are heard ahead of those individuals who register at the hearing. Oral testimony may be limited to five minutes, depending on the number of persons testifying. All interested persons are entitled to attend or be represented and to present oral and/or written comments concerning the proposed rulemaking.

Written testimony should be sent to the attention of Kit Arthur and Zak Kabelen at the Division of Environmental Response and Revitalization, P.O. Box 1049, Columbus Ohio 43216-1049, or can be submitted here: <https://ohioepa.commentinput.com?id=pTGNJUu5t>

Written comments may also be submitted to the Hearing Officer at the public hearing. Written testimony will receive the same consideration as oral testimony. All testimony received at the hearing or by close of business on December 20, 2024, will be considered by Ohio EPA prior to final action on this rulemaking proposal. Written comments submitted after this date may be considered as time and circumstances permit.

Questions regarding this rule package should be directed to Kit Arthur at 614/644-2932 or Zak Kabelen at 614/441-0262, at the Division of Environmental Response and Revitalization, or by email at derr_rulecomments@epa.ohio.gov.

To receive a copy of the proposed rules, please contact the Division of Environmental Response and Revitalization receptionist at 614/644-2924. The proposed rules are also accessible on the Division of Environmental Response and Revitalization's proposed rules web page at <https://epa.ohio.gov/divisions-and-offices/environmental-response-revitalization/regulations/proposed-rules>.

DERR Hazardous Waste Program Proposed Rules

December 20, 2024

Hello and welcome to Ohio EPA's public hearing regarding the Division of Environmental Response and Revitalization's proposed rules. My name is Mary McCarron, and I'm hosting today's public hearing. Madison Graham, Lisa Shook, and Mandi Payton are with me today from Ohio EPA. In a moment, we will move to the public hearing, where we will take official comments on the proposed rules.

I'd like to note that we are recording this hearing and will save all comments submitted during it.

Before we get started, I'd like to review a few items that will help our online participants navigate the GoTo platform.

On this slide, you will see an example screenshot of your Attendee interface. You should see something similar on your computer desktop on the right-hand side of your screen. For this public hearing, you are listening in using your computer audio. If you are having sound issues, try refreshing your browser. If that doesn't work, try logging off and logging back in.

Please submit public comments by clicking the question mark icon and typing them into the Questions pane on your attendee interface. All comments submitted online will be read aloud for the audience.

(You can also click on the document icon to view the handouts that are included.)

For those attending in person, you may submit your testimony verbally by moving close to the broadcast tablet, stating your name, and proceeding with your testimony when we call on you.

We will now begin the hearing.

PUBLIC HEARING SPEECH

Thank you for taking the time to attend this hearing before Ohio EPA. Today's hearing is to obtain comments from any interested person regarding Ohio EPA's proposed rules.

Notice is hereby given that Ohio Environmental Protection Agency proposes to original file rules relating to the Hazardous Waste Management Program. These rules are found in Ohio Administrative Code Chapters 3745-50, 51, 52, 53, 54, 55, 57, 65, 66, 205, 256, 266, 267, 270, and 273.

There are two purposes for this rulemaking. First, some of these rules are submitted for their required five-year review under Ohio Revised Code 119. Second, the remaining rules in this package have either been amended to improve the equivalence of the Ohio rule with its federal counterpart provision, rescinded (to be replaced by a new rule), or promulgated as new to add an Ohio equivalent to the federal rules. Under both state and federal regulations, Ohio's hazardous waste rules are required to be equivalent to their federal counterpart provisions.

These rules have been filed with the Joint Committee on Agency Rule Review. Copies of the rules are available for public review on our website.

All interested persons are entitled to attend or be represented and to present comments concerning the proposed rules. The director of Ohio EPA will consider all comments received as part of the official record.

To be included in the official record, Ohio EPA must receive comments by the close of business today, Dec. 20, 2024. These comments may be typed into the GoTo platform today, spoken in person, or emailed to derr_rulecomments@epa.ohio.gov. All emailed comments submitted for the record receive the same consideration as comments given today.

Written statements submitted after today may be considered as time and circumstances permit but will not be part of the official hearing record.

This hearing allows the public to provide input. Therefore, we will not be able to answer questions today.

YOU MAY NOW SUBMIT COMMENTS. I will read aloud any comments we receive in the GoTo platform. If you are attending in person and would like to submit testimony, please raise your hand and wait to be called on. I will keep the GoTo platform open until XXXXX to allow participants to type in comments.

CLOSING

After the hearing closes, we will accept written comments through 5:00 p.m. today. You can send those comments to the email address on the screen.

Thank you for your comments, cooperation, and participation in Ohio EPA's decision-making process. The time is now _____ and this hearing is concluded.

Ohio EPA held a public comment period that started November 12, 2024, and ended on December 20, 2024, with a public hearing held on December 20, 2024, regarding the Standardized Permitting, RAP, RD&D rules. This document summarizes the comments and questions received at the public hearing and during the associated comment period.

Ohio EPA reviewed and considered all comments received during the public comment period. By law, Ohio EPA has authority to consider specific issues related to protection of the environment and public health.

In an effort to help you review this document, the questions are grouped by topic and organized in a consistent format. The name of the commenter follows the comment in parentheses.

General/Overall Concerns

Comment 1: T&M has performed a thorough review of the draft rule package that was issued for public comment on November 12, 2024. The rules are generally associated with a standardized RCRA permit; remedial action plan (RAP) permit; and research, development and demonstration (RD&D) permit. Overall, T&M is in favor of the draft rules and appreciates Ohio EPA's interest in adopting these existing federal rules. These rules are not intended to provide burden on the regulated community. Rather, these rules provide additional options to achieve various objectives and projects in the most effective and efficient manner. Many of our clients will benefit from these rules. Response 1: Thank you for your comments, cooperation, and participation in Ohio EPA's rule-making process.
