The Common Sense Initiative was established by Executive Order 2011-01K and placed within the Office of the Lieutenant Governor. Under the CSI Initiative, agencies should balance the critical objectives of all regulations with the costs of compliance by the regulated parties. Agencies should promote transparency, consistency, predictability, and flexibility in regulatory activities. Agencies should prioritize compliance over punishment, and to that end, should utilize plain language in the development of regulations.

Regulatory Intent

1. Please briefly describe the draft regulation in plain language.

Please include the key provisions of the regulation as well as any proposed amendments.

4755-47-01 – Duplicate license fee

This rule establishes the fee to obtain a duplicate wall certificate. The rule states that the fee shall not exceed \$30.

4755-47-02 – License verification fee

This rule establishes the fee to verify an Ohio license to another state. The rule states that the fee shall not exceed \$30.

4755-47-04 – License fee

This rule establishes the fee for an initial Ohio license to practice as an athletic trainer. The rule states that the nonrefundable fee shall not exceed \$100.

4755-47-05 – Reinstatement fee

This rule establishes the fee to reinstate an expired Ohio license. The rule states that the fee shall not exceed \$150.

4755-47-06 – Biennial renewal fee

This rule establishes the fee to renew an Ohio athletic training license. The rule states that the fee shall not exceed \$100.

2. Please list the Ohio statute authorizing the Agency to adopt this regulation.

ORC 4755.61

**3. Does the regulation implement a federal requirement? Is the proposed regulation being adopted or amended to enable the state to obtain or maintain approval to administer and enforce a federal law or to participate in a federal program?
*If yes, please briefly explain the source and substance of the federal requirement.***

The answer is no to both questions for the rules in this package.

4. If the regulation includes provisions not specifically required by the federal government, please explain the rationale for exceeding the federal requirement.

Not applicable to the rules in this package.

5. What is the public purpose for this regulation (i.e., why does the Agency feel that there needs to be any regulation in this area at all)?

The General Assembly determined that the profession of athletic training required regulation and established a Board to license individuals and enforce the laws and rules governing the practice of athletic training in Ohio. The Board is entirely funded by fees collected from licensees. These regulations allow the Board to ensure that it has appropriate resources to carry out its statutory mission.

6. How will the Agency measure the success of this regulation in terms of outputs and/or outcomes?

CSIOhio@governor.ohio.gov

Success will be measured by having the rules written in plain language for clarity and by applicants knowing the appropriate fee to submit with an application, duplicate wall certificate, and/or verification requests.

Development of the Regulation

- 7. Please list the stakeholders included by the Agency in the development or initial review of the draft regulation.**

If applicable, please include the date and medium by which the stakeholders were initially contacted.

The Board emailed stakeholders on August 28, 2012. Stakeholders were informed that comments were due to the Board by September 5. Stakeholders included licensees who are on the Board's listserv.

- 8. What input was provided by the stakeholders, and how did that input affect the draft regulation being proposed by the Agency?**

The Board did not receive any comments regarding the rules included in this package.

- 9. What scientific data was used to develop the rule or the measurable outcomes of the rule? How does this data support the regulation being proposed?**

This question does not apply to these proposed changes. The Board does long range forecasting of revenues and expenditures to determine an appropriate fee to charge.

- 10. What alternative regulations (or specific provisions within the regulation) did the Agency consider, and why did it determine that these alternatives were not appropriate? If none, why didn't the Agency consider regulatory alternatives?**

The Board did not consider alternatives. We are required to support all operations from fees charged to licensees.

- 11. Did the Agency specifically consider a performance-based regulation? Please explain. Performance-based regulations define the required outcome, but don't dictate the process the regulated stakeholders must use to achieve compliance.**

This question does not apply to these rules.

- 12. What measures did the Agency take to ensure that this regulation does not duplicate an existing Ohio regulation?**

This question does not apply to these rules.

- 13. Please describe the Agency's plan for implementation of the regulation, including any measures to ensure that the regulation is applied consistently and predictably for the regulated community.**

This question does not really apply to these rules since they govern standard operations of the Board. This information regarding fees is posted on the Board's website.

Adverse Impact to Business

14. Provide a summary of the estimated cost of compliance with the rule. Specifically, please do the following:

a. Identify the scope of the impacted business community;

Applicants for licensure as an athletic trainer and current licensees seeking to renew or verify their Ohio license to another state or requesting a duplicate copy of their wall certificate.

b. Identify the nature of the adverse impact (e.g., license fees, fines, employer time for compliance);

The adverse impact is the fee that the individual must pay to the Board.

c. Quantify the expected adverse impact from the regulation.

The adverse impact can be quantified in terms of dollars, hours to comply, or other factors; and may be estimated for the entire regulated population or for a "representative business." Please include the source for your information/estimated impact.

The cost of the adverse impact is \$10 for licensees requesting a duplicate wall certificate, \$80 for licensees renewing, \$15 for licensees requesting licensure verification to another state, and \$100 for individuals applying to reinstate an expired license.

15. Why did the Agency determine that the regulatory intent justifies the adverse impact to the regulated business community?

Since the Board is entirely funded by fees, we are required to raise sufficient revenues to cover all operational costs. These costs include processing, reviewing, and issuing licenses to practice and processing verification and duplicate wall certificate requests.

Regulatory Flexibility

16. Does the regulation provide any exemptions or alternative means of compliance for small businesses? Please explain.

No.

17. How will the agency apply Ohio Revised Code section 119.14 (waiver of fines and penalties for paperwork violations and first-time offenders) into implementation of the regulation?

This question does not apply to the rules in this package.
