The Common Sense Initiative was established by Executive Order 2011-01K and placed within the Office of the Lieutenant Governor. Under the CSI Initiative, agencies should balance the critical objectives of all regulations with the costs of compliance by the regulated parties. Agencies should promote transparency, consistency, predictability, and flexibility in regulatory activities. Agencies should prioritize compliance over punishment, and to that end, should utilize plain language in the development of regulations.

Please include the key provisions of the regulation as well as any proposed amendments.

4. If the regulation includes provisions not specifically required by the federal government, please explain the rationale for exceeding the federal requirement.

Not applicable

5. What is the public purpose for this regulation (i.e., why does the Agency feel that there needs to be any regulation in this area at all)?

3304-1-01 notifies the public about the purpose of OOD and the programs that it operates.

3304-1-08 dictates how OOD will notify individuals outside the agency of the public hearings that it conducts.

3304-1-11 prescribes the accessibility of OOD's offices and the places OOD conducts business for individuals with disabilities, which is a population that OOD directly serves.

3304-1-13 provides timelines for vendors to submit billing ensuring the proper utilization of agency funds.

6. How will the Agency measure the success of this regulation in terms of outputs and/or outcomes?

OOD will continue to monitor its' administrative duties, spending, and the facilities it utilizes along with updating the agency's own policy and procedure to ensure compliance and consistency for what is provided for in rule.

Development of the Regulation

7. Please list the stakeholders included by the Agency in the development or initial review of the draft regulation.

If applicable, please include the date and medium by which the stakeholders were initially contacted.

OOD sent a request for feedback to a list of over 2,000 vendors and individuals of interest via email which is included with the business impact analysis.

8. What input was provided by the stakeholders, and how did that input affect the draft regulation being proposed by the Agency?

OOD received the attached input from a stakeholder with concerns about notification for public hearings, specifically rule 3304-1-8. This feedback was central to provider notification. In response, OOD added additional sections to the rule which details for notification for providers, or any other individuals, who have opted-in to receiving public hearing notices on OOD's website. The ability to opt-in for notification has been publically available for a number of years on the portion of OOD's website labeled "Notice of Public Hearing."

9. What scientific data was used to develop the rule or the measurable outcomes of the rule? How does this data support the regulation being proposed?

No scientific data was utilized. The rules follow statutory provision in R.C. Chapter 3304 and OOD has been establishing rules since 1978 and those rules have undergone revisions and additions as appropriate.

10. What alternative regulations (or specific provisions within the regulation) did the Agency consider, and why did it determine that these alternatives were not appropriate? If none, why didn't the Agency consider regulatory alternatives?

No other regulations were considered as these fall under OOD's statutory authority and suit the administrative needs of the agency.

11. Did the Agency specifically consider a performance-based regulation? Please explain. Performance-based regulations define the required outcome, but don't dictate the process the regulated stakeholders must use to achieve compliance.

No, these rules promote administrative transparency and affect OOD's internal process.

12. What measures did the Agency take to ensure that this regulation does not duplicate an existing Ohio regulation?

OOD is the only Ohio agency regulating in this area. All statutes and rules governing OOD were reviewed to ensure there are no duplications.

13. Please describe the Agency's plan for implementation of the regulation, including any measures to ensure that the regulation is applied consistently and predictably for the regulated community.

OOD will be bound by the rules just as any of those who might be regulated are bound. These are long standing rules, but suggestions may be submitted internally or externally which may be brought to OOD's attention. The purpose of these rules is to provide administrative transparency and to provide a consistent procedure for OOD payment authorizations.

OOD Administrative Rules

Subject:

Proposed changes to 3304-1-08

The Ohio Association of Goodwill Industries does not support the proposed changes 3304-1-08. The proposal eliminates required notifications and would result in less transparency and awareness of rule changes among stakeholders. OAGI requests OOD retain existing notifications and update the requirements regarding notifications to increase awareness and access to proposed rule changes. Through this rule review process, OOD has an opportunity to include language that will make OOD a leader among state agencies by including language in this rule that ensures all public notices are accessible to individuals who use various technologies to assist with reading and by requiring notification of public hearings be made to agencies with which OOD has inter-agency agreements, thus ensuring better coordination and streamlining of workforce development programs.

We would support the following language:

3304-1-08 Method of notice for public hearings.

- (C) At least thirty days before all public hearings, except for those relating to Chapter 3304:1-21 of the Administrative Code, OOD shall mail, by first-class postal mail or electronic mail, the notice of public hearing to the members of the State Rehabilitation Council, also called the Opportunities for Ohioans with Disabilities Council, created per ORC 3304.12.
- (D) At least thirty days before all public hearings for an administrative rule, which relates to the group's area of interest, OOD shall mail, by first-class postal mail or electronic mail, the notice of public hearing to:
 - (1) The president and executive director of the Ohio Providers Resource Association:
 - (2) The president and executive director of the Ohio Association of Goodwill Industries; and
 - (3) The Director of any state agency with which OOD has an inter-agency agreement.
- (E) In addition to public notice required by paragraph (C) and (D) of this rule, OOD may provide whatever other notice the Director deems reasonably necessary including:
 - (1) By mailing electronically or otherwise notice to affected providers;
 - (2) By mailing electronically or otherwise notice to affected state provider associations;
 - (3) By mailing electronically or otherwise notice to interested parties which have opted-in to OOD newsletters and other OOD electronic mailing distribution lists.

- (F) The members of the committees and councils listed in paragraphs (C) (D) and (E) of this rule shall be requested to inform OOD of the mail method (postal or electronic) by which they prefer to receive the notice of public hearing.
- (G) The members of the committees and councils listed in paragraphs (C) (D) and (E) of this rule shall be requested to notify the groups they represent about the public hearing.
- (H) The notice of public hearing shall be posted on the OOD website at http://OOD.ohio.gov/.
- (I) All notices of public hearing shall be provided in a manner that is accessible to individuals who are visually impaired and/or use assistive technology to assist with reading.
- (J) At least thirty days before the public hearing, OOD shall submit the notice of public hearing to the legislative service commission for publication in the register of Ohio.

Thank you for your consideration of these comments.

Susan,

Thank you for the revised draft. The changes address our concerns about the pushing the information out to interested parties rather than simply posting it on a website.

Subject: schedule time to talk?

Hi Susan,

Sorry I was unable to get back with you yesterday. Hopefully, you received the message I left this morning. Maybe we should schedule a time to talk? Since we are talking policies and rules, I wanted to check in with you on a couple of items in addition to the public notice rule, which I think is what you were calling me to talk about.

On my list are:

- The Informed Choice policy 80-VR-07
- The Job Related Services policy 80-VR-11-14

- The Provider Management policy 80-VR-09
- The fee schedule comments and process
- CIE workgroup

I am pretty open for the rest of this week and then out of town Mon-Thurs next week, but I can find time between conference sessions if we need to schedule something then.

Thanks,

Emily
