The Common Sense Initiative is established in R.C. 107.61 to eliminate excessive and duplicative rules and regulations that stand in the way of job creation. Under the Common Sense Initiative, agencies must balance the critical objectives of regulations that have an adverse impact on business with the costs of compliance by the regulated parties. Agencies should promote transparency, responsiveness, predictability, and flexibility while developing

regulations that are fair and easy to follow. Agencies should prioritize compliance over punishment, and to that end, should utilize plain language in the development of regulations.

#### **Reason for Submission**

1. R.C. 106.03 and 106.031 require agencies, when reviewing a rule, to determine whether the rule has an adverse impact on businesses as defined by R.C. 107.52. If the agency determines that it does, it must complete a business impact analysis and submit the rule for CSI review.

Which adverse impact(s) to businesses has the agency determined the rule(s) create?

#### The rule(s):

- a. ⊠ Requires a license, permit, or any other prior authorization to engage in or operate a line of business.
- b. 

  Imposes a criminal penalty, a civil penalty, or another sanction, or creates a cause of action for failure to comply with its terms.
- c.  $\boxtimes$  Requires specific expenditures or the report of information as a condition of compliance.
- d.  $\Box$  Is likely to directly reduce the revenue or increase the expenses of the lines of business to which it will apply or applies.

#### **Regulatory Intent**

2. Please briefly describe the draft regulation in plain language.

3. Please list the Ohio statute(s) that authorize the agency, board or commission to adopt the rule(s) and the statute(s) that amplify that authority.

ORC 4779.08, 4779.10, 4779.11, 4779.12, 4779.13, 4779.14, 4779.15, 4779.18, 4779.25, 4779.26,

- 4. Does the regulation implement a federal requirement? Is the proposed regulation being adopted or amended to enable the state to obtain or maintain approval to administer and enforce a federal law or to participate in a federal program?

  No. Licensure is according to state law.
- 5. If the regulation includes provisions not specifically required by the federal government, please explain the rationale for exceeding the federal requirement.

Not applicable.

6. What is the public purpose for this regulation (i.e., why does the Agency feel that there needs to be any regulation in this area at all)?

State law (ORC 4779) requires the OTPTAT to license orthotics, prosthetics, and pedorthics. These rules give necessary details on the requirements to become licensed in these professions for the state of Ohio.

7. How will the Agency measure the success of this regulation in terms of outputs and/or outcomes?

Successful applications being approved for licensure.

8. Are any of the proposed rules contained in this rule package being submitted pursuant to R.C. 101.352, 101.353, 106.032, 121.93, or 121.931?

No.

#### **Development of the Regulation**

9. Please list the stakeholders included by the Agency in the development or initial review of the draft regulation.

77 SOUTH HIGH STREET | 30TH FLOOR | COLUMBUS, OHIO 43215-6117

Rules were posted to all license holders for orthotics, prosthetics, and pedorthics, as well as the Ohio O& P Association. Rules were reviewed by the Orthotics, Prosthetics, and Pedorthics Advisory Council.

10. What input was provided by the stakeholders, and how did that input affect the draft regulation being proposed by the Agency?

No feedback was received on these rules.

11. What scientific data was used to develop the rule or the measurable outcomes of the rule? How does this data support the regulation being proposed?

None.

12. What alternative regulations (or specific provisions within the regulation) did the Agency consider, and why did it determine that these alternatives were not appropriate? If none, why didn't the Agency consider regulatory alternatives?

None. These rules provide more detail to amplify Ohio Revised Code.

13. Did the Agency specifically consider a performance-based regulation? Please explain. Performance-based regulations define the required outcome, but don't dictate the process the regulated stakeholders must use to achieve compliance.

No. These rules further clarify statute.

14. What measures did the Agency take to ensure that this regulation does not duplicate an existing Ohio regulation?

These rules further clarify statute.

15. Please describe the Agency's plan for implementation of the regulation, including any measures to ensure that the regulation is applied consistently and predictably for the regulated community.

These rules maintain the current OPP Board standards that are currently in place, but are rewritten to fit the processes of the OTPTAT Board. New procedures are being written. Application instructions are available on the Board website and eLicense. The licensure team that reviews applications are cross trained to implement the requirements uniformly.

#### **Adverse Impact to Business**

- 16. Provide a summary of the estimated cost of compliance with the rule. Specifically, please do the following:
  - a. Identify the scope of the impacted business community; and
  - b. Identify the nature of all adverse impact (e.g., fees, fines, employer time for compliance,); and
  - c. Quantify the expected adverse impact from the regulation.

77 SOUTH HIGH STREET | 30TH FLOOR | COLUMBUS, OHIO 43215-6117

CSIPublicComments@governor.ohio.gov

- a. These rules impact all individuals licensed in Ohio to practice orthotics, prosthetics, and pedorthics.
- b. These rules define licensure requirements, so the costs related to compliance include:
  - Cost of education (master's degree for new graduates, except for pedorthics requires a high school diploma)
  - Cost of residency program (\$1,800)
  - Cost of ABC exam (
  - Cost of a BCI/FBI background check (\$47.25)
  - Cost of licensure fee (\$100, plus \$3.50 eLicense fee)
  - Possible verification of licensure to Ohio (varies)
  - Verification sent by Ohio (\$15)
  - Upgrade of licensure temp to full or LO/LP to LPO (\$50)
- c. See above

## 17. Why did the Agency determine that the regulatory intent justifies the adverse impact to the regulated business community?

These rules implement the licensure requirements in Ohio Revised Code chapter 4779. The adverse impacts of having a license, such as fees, and documentation, are necessary to fund the operation of the Board and eLicense system and to conduct primary documentation reviews to ensure that a person has met the requirements for licensure according to the Ohio Revised Code.

#### **Regulatory Flexibility**

## 18. Does the regulation provide any exemptions or alternative means of compliance for small businesses? Please explain.

No. The statute does not allow for alternative paths to licensure. The Board makes use of the eLicense Ohio system which allows applications and most other business with the board to be conducted electronically, eliminating cost for copying and mailing documents.

# 19. How will the agency apply Ohio Revised Code section 119.14 (waiver of fines and penalties for paperwork violations and first-time offenders) into implementation of the regulation?

The Board has disciplinary guidelines that take into account first offenses when issuing discipline through enforcement.

## 20. What resources are available to assist small businesses with compliance of the regulation?

The OTPTAT Board website and social media strive to make Board business accessible and transparent. Anyone may reach the Board for assistance at any time via mail, email, phone, website, and social media.
