

## MEMORANDUM

**TO:** Christopher Logsdon, Ohio State Board of Cosmetology

**FROM:** Sydney King, Regulatory Policy Advocate

**DATE:** November 28, 2016

**RE:** **CSI Review- Chapter 21 (OAC 4713-21-02, 4713-21-05, 4713-21-07, and 4713-21-08)**

---

On behalf of Lt. Governor Mary Taylor, and pursuant to the authority granted to the Common Sense Initiative (CSI) Office under Ohio Revised Code (ORC) section 107.54, the CSI Office has reviewed the abovementioned administrative rule package and associated Business Impact Analysis (BIA). This memo represents the CSI Office's comments to the Agency as provided for in ORC 107.54.

### Analysis

This rule package consists of four amended rules being submitted by the Ohio State Board of Cosmetology. The rule package was filed with the CSI Office on August 24, 2016 and the comment period for the rules closed on September 7, 2016.

The rule package provides regulations addressing the practice of cosmetology and establishes procedures, policies, and a definition for continuing education. The rules are being amended to address recent statutory changes; specifically, updating the regulations to include "boutique service registration" language.

The Board reached out to all licensed entities, schools, local associations, and societies representing the branches of cosmetology regulated by the Board for input. The Board provided

details of a comment submitted during early stakeholder outreach. The input received from the comment resulted in further amendment of the regulation. The regulations, as a whole, include impacts on the business community because the requirements address continuing education procedures. However, because the rule package was submitted as amended and not as a five-year rule review, the Board is only required to analyze the impacts of the amended language. The Board amended the regulation based on stakeholder feedback and added the “boutique service registration” language. No comments were received during the CSI public comment period to indicate the impacted business community had concerns with this rule package.

### **Recommendation**

For the reasons explained above, this office does not have any recommendations regarding this rule package.

### **Conclusion**

Based on the above comments, the CSI Office concludes that the Board should proceed with the formal filing of this rule package with the Joint Committee on Agency Rule Review.
