### MEMORANDUM

**TO:** Justin Sheridan, Ohio State Dental Board

**FROM:** Jacob Ritzenthaler, Business Advocate

**DATE:** November 29, 2022

**RE:** **CSI Review – Limited Licenses (OAC 4715-7-03)**

---

On behalf of Lt. Governor Jon Husted, and pursuant to the authority granted to the Common Sense Initiative (CSI) Office under Ohio Revised Code (ORC) section 107.54, the CSI Office has reviewed the abovementioned administrative rule package and associated Business Impact Analysis (BIA). This memo represents the CSI Office's comments to the Board as provided for in ORC 107.54.

#### Analysis

This Ohio State Dental Board (Board) rule package consists of one no change rule. The draft rule was submitted to the CSI Office on October 26, 2022, and the public comment period was open through November 4, 2022. Unless otherwise noted below, this recommendation reflects the version of the proposed rule filed with the CSI Office on October 26, 2022.

Ohio Administrative Code 4715-7-03 sets forth requirements related to the display of limited resident's licenses, limited teaching licenses, and limited continuing education licenses. The rule requires these licenses to be kept on file at the school, institution, or facility at which the license holder practices and must be made available to the Board upon request.

During early stakeholder outreach, the Board reviewed the rule during meetings of its Law and Rule Review Committee and sent the rules to interested parties via email. No comments were received during that time or during the CSI public comment period.

The business community impacted by the rule includes dentists and dental teaching programs and facilities. The adverse impact created by the rule is primarily the cost of maintaining licenses in the

place where the license holder is practicing. The Board states that the adverse impact is necessary to ensure the safety of the public and that licenses are easily verified.

### **Recommendations**

Based on the information above, the CSI Office has no recommendations on this rule package.

### **Conclusion**

The CSI Office concludes that the Board should proceed in filing the proposed rule with the Joint Committee on Agency Rule Review.
