On behalf of Lt. Governor Jon Husted, and pursuant to the authority granted to the Common Sense Initiative (CSI) Office under Ohio Revised Code (ORC) section 107.54, the CSI Office has reviewed the abovementioned administrative rule package and associated Business Impact Analysis (BIA). This memo represents the CSI Office's comments to the Commission as provided for in ORC 107.54.

#### Analysis

This rule package consists of four amended rules and three no-change rules proposed by the Public Utilities Commission of Ohio (PUCO) as part of the statutory five-year review process. This rule package was submitted to the CSI Office on September 22, 2022, and the public comment period was held open through October 19, 2022. Unless otherwise noted below, this recommendation reflects the version of the proposed rules filed with the CSI Office on September 22, 2022.

Ohio Administrative Code (OAC) 4901:2-21 contains the registration requirements for for-hire motor carriers that operate in intrastate commerce within the state of Ohio. OAC 4901:2-21-03, 4901:2-21-04, 4901:2-21-05, and 4901:2-21-07 are amended to update language and to streamline the procedure for motor carrier safety compliance. No revisions are proposed for OAC 4901:2-21-01, 4901:2-21-02, and 4901:2-21-06.

During early stakeholder outreach, the PUCO issued an Entry on July 25, 2022, in Case No. 22-692-TR-ORD indicating that a workshop would be conducted on August 23, 2022, to listen to

stakeholders' concerns regarding the rules in OAC 4901:2-21. The Entry was served upon the Ohio Petroleum Marketers Association, National Tank Truck Carriers, Inc., Ohio State Highway Patrol, the Ohio Trucking Association, Ohio Department of Public Safety, Ohio Department of Transportation, Ohio Association of Chiefs of Police, Buckeye State Sheriff's Association, Ohio Municipal League, County Commissioners' Association of Ohio, Ohio Township Association, WreckMaster Inc. USA, Towing and Recovery Association of America, North American Towing Academy, American Towing and Recovery Institute, Ohio Insurance Institute, Towing and Recovery Association of Ohio, AAA Ohio, all household goods carriers, Ohio Association of Movers, Ohio Brokers of household goods as identified by the Federal Motor Carrier Safety Administration, and the transportation listserv. No comments were provided by stakeholders at the workshop. No comments were received during the CSI public comment period.

The business community impacted by the rules includes all regulated motor carriers that are subject to the PUCO's jurisdiction. The adverse impacts created by the rules include completing an application for a certificate of public convenience and necessity, annually updating the certificate, obtaining the necessary insurance, and paying all applicable taxes and fees. According to the PUCO, it should take approximately fifteen to thirty minutes to complete and file an application for a certificate. The PUCO notes that the purpose of the revisions is to remove regulatory restrictions and that they are expected to have positive impacts on the business community. The PUCO states that the adverse impacts to business are justified to carry out ORC requirements and to ensure that the highway transportation of persons and property is conducted in a safe and efficient manner.

### **Recommendations**

Based on the information above, the CSI Office has no recommendations on this rule package.

### **Conclusion**

The CSI Office concludes that the Commission should proceed in filing the proposed rules with the Joint Committee on Agency Rule Review.
