Thank you for your review of the above listed proposed rules.

Based upon your recommendation, on May 13, 2015, the State Medical Board of Ohio voted to submit all of the rules except for 4731-7-01 for rule promulgation by filing with the Joint Committee on Agency Rule Review. Upon closer review it was discovered that the version of proposed Rule 4731-7-01 that was filed with the Common Sense Initiatives Office was the incorrect version. Therefore, the correct version of the rule will be submitted to your office as part of a rule package in the near future.
