RE: CSI Review – Movement of Overweight and Overdimension Vehicle Rules (OAC 5501:2-1)

Mr. Ritzenthaler:

The Ohio Department of Transportation (ODOT) has received your memorandum dated July 13, 2018 from the Common Sense Initiative (CSI) Office concerning recommendations on the Department's proposed rule package for the Movement of Overweight and Overdimension Vehicles. This memorandum serves as a receipt of the CSI Office's recommendations and as a response to those recommendations.

ODOT further appreciates the CSI Office's review and analysis of the aforementioned rule package and the recommendations given to the Department. Since the CSI Office recommends the proposed rule package as they are drafted, ODOT will file the proposed rules with the Joint Committee on Agency Rule Review (JCARR) on or after July 16, 2018.

Thank you for your continued assistance and support. Please feel free to contact me should you have any questions or require any further information.

Sincerely,
