Re: Cost Sharing and Voluntary Contributions

Date: May 30, 2013 (Revised, July 11, 2013)

May 30, 2013

Thank you for reviewing ODA's proposed amendments to rule 173-3-07 of the Administrative Code.

Because your office did not make any recommendations, ODA will now proceed with filing the rule with JCARR.

July 1, 2013

On May 30, 2013, ODA filed rule 173-3-07 of the Administrative Code with JCARR. On July 1, 2013, ODA revise-filed the same rule.

This revised memorandum of response should alert the CSI Office that the proposed changes to the rule's language would create no difference in the adverse impact stated in the BIA that the CSI Office already reviewed.

The revisions that ODA made on July 1 fall into three categories:

- **VOLUNTARY CONTRIBUTIONS:** ODA proposes to repeat two federal requirements for providers regarding voluntary contributions. The requirements already exist, so mentioning them in the rules would not create an adverse impact.

Additionally, the rule would not require anything in excess of the federal requirements. This would have the effect of unburying the federal requirements.

- **COST SHARING:** ODA would move the examples of services subject to cost sharing from the introductory paragraph to the paragraph under the “cost sharing” subheading.
- **OTHER NON-SUBSTANTIAL:** ODA would make the following revisions to clean up the rule language:
 - Replace the title with “Consumer contributions.”
 - Delete the verbose additions of “consumer” before occurrences of the words “cost-sharing” and “cost sharing.”
 - Make the rule easier to navigate by organizing the paragraphs under the following subheadings: “Introduction,” “Voluntary contributions,” and “Cost sharing.”
 - Insert “of income” after “self-declaration” in paragraph (C)(3)(b) of the rule.
 - Replace “less funds” with “fewer funds” in paragraph (C)(5)(b) of the rule.

Please let us know if you have any questions or recommendations.

On May 30, 2013, ODA filed rule 173-3-07 of the Administrative Code with JCARR. On July 1, 2013, ODA revised the rule. On July 11, 2013, ODA refiled the rule.

This revised memorandum of response should alert the CSI Office that the proposed refiling of the rule would create no difference in the adverse impact described in #14c of the BIA that the CSI Office already reviewed.

Instead, the amendment (1) regards the relationship between state unit on aging (*i.e.*, ODA) and the area agencies on aging (*i.e.*, ODA’s designees), and (2) the impact would be upon consumers, as follows:

1. The amendment being made to the rule in the refiling brings the rule into compliance with the Older Americans Act. Specifically, it would no longer say that area agencies on aging may substitute ODA’s sliding-fee schedule with one of their own. This is because, Section 315(a)(4) of the Older Americans Act of 1965, as amended in 2006, says, “If a State permits the cost sharing described in paragraph (1), such State [not an AAA] shall establish a sliding scale, based solely on

individual income and the cost of delivering services.” Furthermore, Sections 315(a)(5) and 315(a)(5)(G) together say, “If a State permits the cost sharing described in paragraph (1), such State shall require each area agency on aging in the State to ensure that each service provider involved, and the area agency on aging, will...widely distribute State created written materials in languages reflecting the reading abilities of older individuals that describe the criteria for cost sharing, the State’s sliding scale, and the mandate described under subparagraph (E).”

2. Any adverse impact changed by this refiling would be to the consumer who could have potentially been asked to contribute more cost shares if an area agency on aging used a substitute sliding-fee schedule that required higher cost shares than ODA’s sliding-fee schedule. However, because a consumer may opt to not make such a contribution, there is no certain adverse impact upon a consumer.

ODA will offer a 2nd public hearing on the rule after this refiling.
