The Common Sense Initiative was established by Executive Order 2011-01K and placed within the Office of the Lieutenant Governor. Under the CSI Initiative, agencies should balance the critical objectives of all regulations with the costs of compliance by the regulated parties. Agencies should promote transparency, consistency, predictability, and flexibility in regulatory activities. Agencies should prioritize compliance over punishment, and to that end, should utilize plain language in the development of regulations.

### Regulatory Intent

1. Please briefly describe the draft regulation in plain language.

New

- 4729:3-1-01: Definition section for the division of the OAC pertaining to the registration of pharmacy technicians.

77 SOUTH HIGH STREET | 30TH FLOOR | COLUMBUS, OHIO 43215-6117

[CSIOhio@governor.ohio.gov](mailto:CSIOhio@governor.ohio.gov)

- 4729:3-2-01: Establishes procedure for those seeking registration as a pharmacy technician trainee, registered pharmacy technician, or certified pharmacy technician.
- 4729:3-2-02: Establishes criminal records check requirements for those seeking registration as a pharmacy technician trainee, registered pharmacy technician or certified pharmacy technician.
- 4729:3-2-03: Establishes renewal procedure for registered pharmacy technicians and certified pharmacy technicians.
- 4729:3-2-04: Establishes reporting requirements for those with a change of name, contact information or place of employment.
- 4729:3-2-05: Establishes minimum scores for completion of the Test of English as a Foreign Language, Internet-based test.
- 4729:3-3-01: Establishes the activities pharmacy technician trainees may perform.
- 4729:3-3-02: Establishes standards for pharmacy technician training programs.
- 4729:3-3-03: Establishes the activities registered pharmacy technicians may perform.
- 4729:3-3-04: Establishes the activities certified pharmacy technicians may perform.
- 4729:3-3-05: Establishes the requirements of a pharmacy technician trainee, registered pharmacy technician or certified pharmacy technician to report a violation to the Board of Pharmacy.
- 4729:3-4-01: Establishes the Board of Pharmacy's authority to impose disciplinary actions on a pharmacy technician trainee, registered pharmacy technician or certified pharmacy technician.
- 4729:3-5-01: Establishes continuing education requirements for registered pharmacy technicians and certified pharmacy technicians seeking to renew their certificate of registration.

### **Rescinded**

- Chapter 4729-4: Rules pertaining to qualified pharmacy technicians.

## **2. Please list the Ohio statute authorizing the Agency to adopt this regulation.**

The proposed rules are authorized by sections 4729.26, 4729.94 and 4776.03 of the Ohio Revised Code.

**3. Does the regulation implement a federal requirement? Is the proposed regulation being adopted or amended to enable the state to obtain or maintain approval to administer and enforce a federal law or to participate in a federal program?**

These rules do not implement a federal requirement.

**4. If the regulation includes provisions not specifically required by the federal government, please explain the rationale for exceeding the federal requirement.**

This rule package exceeds federal requirements because the regulation of the practice of pharmacy has traditionally been done at the state level by legislatively created state boards of pharmacy. The regulation of the pharmacy practice includes valid requirements for licensure as a pharmacy technician trainee, registered pharmacy technician, or certified pharmacy technician.

**5. What is the public purpose for this regulation (i.e., why does the Agency feel that there needs to be any regulation in this area at all)?**

Section 4729.26 of the Ohio Revised Code authorizes the Board of Pharmacy to adopt rules governing the practice of pharmacy and distribution of dangerous drugs.

Section 4729.94 of the Ohio Revised Code requires the Board of Pharmacy to adopt rules governing registration of registered pharmacy technicians, certified pharmacy technicians, and pharmacy technician trainees.

Section 4776.03 of the Ohio Revised Code authorizes the Board of Pharmacy to adopt rules establishing administrative and procedural requirements for criminal records checks.

**6. How will the Agency measure the success of this regulation in terms of outputs and/or outcomes?**

The success of the regulations will be measured by having rules written in plain language, licensee compliance with the rules, and minimal questions from licensees regarding the provisions of the rules.

**Development of the Regulation**

**7. Please list the stakeholders included by the Agency in the development or initial review of the draft regulation.**

The rules in this package were reviewed by the Board's Rules Review Committee. The Committee, composed of pharmacists from a number of practice settings, is responsible for reviewing and approving all new rules and rules prior to their legislatively mandated five-year review date.

Prior to filing with CSI, the rules were also reviewed and approved by the Board of Pharmacy.

**8. What input was provided by the stakeholders, and how did that input affect the draft regulation being proposed by the Agency?**

For the proposed rules, the Board of Pharmacy Rules Review Committee reviewed the proposed rules. The Board incorporated the following feedback provided by the Committee:

- Clarified the responsibilities of support personnel who are not required to be registered as pharmacy technicians.
- Added training and education programs that were non-employer based (i.e. programs that are ACPE and AHSP accredited).
- Adding a program director for all employer based programs (to not rely solely on the responsible person for verification of training).
- Removed the out-of-state requirement for veterans who are requesting to renew late due to active duty service.
- Reduced the number of didactic training hours.
- Reduced the number of practical experience training hours.
- Allows the transfer of non-compounding related training for employees of the same the company.

**9. What scientific data was used to develop the rule or the measurable outcomes of the rule? How does this data support the regulation being proposed?**

Scientific data was not used to develop or review this rule.

**10. What alternative regulations (or specific provisions within the regulation) did the Agency consider, and why did it determine that these alternatives were not appropriate? If none, why didn't the Agency consider regulatory alternatives?**

As the regulations are essential to protecting the public's safety by ensuring uniform standards for licensure of pharmacy technician trainees, registered pharmacy technicians, and certified pharmacy technicians, the State of Ohio Board of Pharmacy did not consider any regulatory

77 SOUTH HIGH STREET | 30TH FLOOR | COLUMBUS, OHIO 43215-6117

[CSIOhio@governor.ohio.gov](mailto:CSIOhio@governor.ohio.gov)

alternatives. However, the Board has proposed several different avenues for pharmacy technicians to receive the required training.

**11. Did the Agency specifically consider a performance-based regulation? Please explain.**

***Performance-based regulations define the required outcome, but don't dictate the process the regulated stakeholders must use to achieve compliance.***

The agency did not consider a performance-based regulation for this rule package. It is the Board's responsibility to ensure uniform regulations across Ohio. At this juncture, it was the determination of the Board that the rule package did not lend itself to performance-based regulations.

**12. What measures did the Agency take to ensure that this regulation does not duplicate an existing Ohio regulation?**

The Board of Pharmacy's Director of Policy and Communications reviewed the proposed rules to ensure that the regulations do not duplicate another State of Ohio Board of Pharmacy regulation.

**13. Please describe the Agency's plan for implementation of the regulation, including any measures to ensure that the regulation is applied consistently and predictably for the regulated community.**

The rules will be posted on the Board of Pharmacy's web site, information concerning the rules will be included in materials e-mailed to licensees, and notices will be sent to associations, individuals and groups. Board of Pharmacy staff are also available via phone or email to answer questions regarding implementation of the rules. In addition, the Board's compliance agents are trained to educate licensees on current and/or new regulations during on-site inspections.

Board of Pharmacy staff receive regular updates on rules via a monthly internal newsletter, biannual staff meetings featuring a regulatory update, mandatory all-day law reviews for new employees, email updates, webinars from the Director of Policy and Communications and feedback from the Board's legal department for every citation submitted.

**Adverse Impact to Business**

**14. Provide a summary of the estimated cost of compliance with the rule. Specifically, please do the following:**

**a. Identify the scope of the impacted business community;**

The rule package impacts the following:

77 SOUTH HIGH STREET | 30TH FLOOR | COLUMBUS, OHIO 43215-6117

[CSIOhio@governor.ohio.gov](mailto:CSIOhio@governor.ohio.gov)

- Qualified pharmacy technicians;
- Pharmacy technician trainees;
- Registered pharmacy technicians;
- Certified pharmacy technicians;
- Terminal distributors of dangerous drugs; and
- Pharmacists.

**b. Identify the nature of the adverse impact (e.g., license fees, fines, employer time for compliance); and**

Violation of these rules may result in administrative licensure discipline for a pharmacist, pharmacy technician or terminal distributor of dangerous drugs. Discipline might include reprimand, suspension of a license, monetary fine and/or revocation of a license.

**c. Quantify the expected adverse impact from the regulation.**

**New**

- 4729:3-1-01: This is a definition section and should have no expected adverse impact.
- 4729:3-2-01: The cost of registration is \$25 dollars for pharmacy technician trainees and \$50 for certified and registered pharmacy technicians. The rule also requires the applicant to submit to a criminal records check. The cost of a criminal records check (BCI&I/FBI) includes the following fees: BCI&I - \$22, FBI - \$24, and some agencies may charge a processing fee (e.g. \$5-\$40). Furthermore, the rule requires certified technicians to submit documentation that they are nationally certified. National certification costs between \$115 - \$129 for the initial certification examination. The rule also requires foreign students to take the TOEFL IBT. The cost of this test varies by country but can cost up to \$180.
- 4729:3-2-02: Requires submission of criminal records checks for applicants. The cost of a criminal records check (BCI&I/FBI) includes the following fees: BCI&I - \$22, FBI - \$24, and some agencies may charge a processing fee (e.g. \$5-\$40).
- 4729:3-2-03: The cost of renewal (two-year license) is \$50 for certified pharmacy technicians and registered pharmacy technicians.
- 4729:3-2-04: There is no monetary cost to submit a change of contact information to the Board. However, the process will require the submission of a form that may take an estimated five minutes to complete.
- 4729:3-2-05: This rule provides minimum scores and does not have a cost of compliance.

- 4729:3-3-01: The rule restricts the number of technician trainees that can be supervised by a pharmacist at one time. Thus, a pharmacy that has more than two technician trainees may incur additional costs to ensure another pharmacist is on-site to provide supervision.
- 4729:3-3-02: A pharmacy technician trainee may incur a cost of attending an American Society of Health-System Pharmacists/Accreditation Council for Pharmacy Education certified training program. Employers that choose to develop a training program will also incur costs associated with developing, implementing and assessing the program.
- 4729:3-3-03: An employer that engages in non-sterile compounding will have to provide additional training for registered technicians prior to engaging in non-sterile compounding.
- 4729:3-3-04: An employer that engages in sterile and non-sterile compounding will have to provide additional training for certified technicians prior to engaging in non-sterile compounding.
- 4729:3-3-05: This will require notification to the Board if a technician observes a violation specified in the rule. Notification can be performed online and will take approximately 10-20 minutes to complete.
- 4729:3-4-01: Violation of this section may result in administrative licensure discipline for a pharmacy technician. Discipline might include reprimand, suspension of a license, monetary fine (\$500) and/or revocation of a license.
- 4729:3-5-01: Registered pharmacy technicians will have to obtain 20 hours of CE every two years. The cost of this rule will be the cost incurred by the technician to obtain CE. While CE cost varies, the Board and other providers do offer no-cost CEs to licensees.

### **Rescinded**

- 4729-4: This chapter is being rescinded and should have no adverse impact.

### **15. Why did the Agency determine that the regulatory intent justifies the adverse impact to the regulated business community?**

The Board determined that the regulatory intent justifies the impact on business because the regulations protect and promote public safety by ensuring uniform licensing and training standards of pharmacy technicians.

## **Regulatory Flexibility**

### **16. Does the regulation provide any exemptions or alternative means of compliance for small businesses? Please explain.**

These rules do not provide any exemptions or alternative means of compliance for small businesses. The law does not differentiate on the size of the business and therefore the regulation is uniform across Ohio.

### **17. How will the agency apply Ohio Revised Code section 119.14 (waiver of fines and penalties for paperwork violations and first-time offenders) into implementation of the regulation?**

The State of Ohio Board of Pharmacy does not fine licensees or impose penalties for first-time paperwork violations. However, any failure of a standard of care is not considered a paperwork error but a quality assurance issue by the licensee/registrant that is necessary for the protection of the public.

### **18. What resources are available to assist small businesses with compliance of the regulation?**

Board of Pharmacy staff is available by telephone and e-mail to answer questions. Board staff members also provide presentations to groups and associations who seek updates on current regulations. Additionally, staff are trained to educate licensees on compliance with all Board of Pharmacy rules and regulations.

(E) An initial registration for a registered pharmacy technician and certified pharmacy technician is valid until the renewal date set forth in rule 4729:3-2-03.

(F) Failure to complete all application requirements within thirty days after being notified by the board may result in the application being deemed abandoned as defined in rule 4729:3-1-01 of the Administrative Code.

(G) Registration fees for veterans shall be waived upon submission of the appropriate documentation. Documentation required to obtain a fee waiver will be published on the state board of pharmacy's web site: [www.pharmacy.ohio.gov](http://www.pharmacy.ohio.gov).

### **4729:3-2-02 – Criminal Records Checks**

(A) An applicant seeking an initial registration as a pharmacy technician trainee, registered pharmacy technician or certified pharmacy technician must first submit fingerprint impressions to the Ohio bureau of criminal identification and investigation (BCI&I) for a criminal records check.

(B) Pursuant to section [4776.02](#) of the Revised Code, the criminal records check performed by BCI&I shall consist of both a BCI&I criminal records check and a federal bureau of investigation (FBI) criminal records check. BCI&I shall send the results of the BCI&I and FBI criminal records checks directly to the state board of pharmacy.

(C) The state board of pharmacy requires that the criminal records check:

(1) Be based on electronic fingerprint impressions that are submitted directly to BCI&I from a "WebCheck" provider agency or ink impressions. The state board of pharmacy may accept the results of a criminal records check based on ink impressions from a "WebCheck" provider agency only in the following circumstances:

(a) Readable electronic fingerprint impressions cannot be obtained or are rejected by either BCI&I or FBI;

(b) The applicant is from out-of-state; or

(c) The applicant's home address is seventy-five miles or more from the nearest WebCheck location.

(2) Results will only be considered valid if the fingerprint impressions were obtained within the previous six months of the date the application is received by the board.

(D) An applicant may submit electronic fingerprint impressions for a criminal records check any time after the applicant has submitted a licensure application to the state board of pharmacy.

(E) After the state board of pharmacy receives the results from both of the required criminal records checks the licensing process will proceed.

(F) Until April 6, 2020, an applicant for registration as a registered pharmacy technician or certified pharmacy technician who met the previous requirements to be a qualified pharmacy technician under section 4729.42 of the Revised Code, may satisfy the criminal records check requirements set forth in section 4729.90 of the Revised Code by authorizing the superintendent of the bureau of criminal identification and investigation to make the results of a criminal records check of the applicant available to the state board of pharmacy. To meet the requirement, the

criminal records check must have not been conducted no earlier than twenty-four months prior to the date the application for registration is received by the board.

- (vi) Knowledge and skills in areas of science relevant to the pharmacy technician's role, including anatomy/physiology and pharmacology;
  - (vii) Medication safety and error prevention;
  - (viii) Maintaining confidentiality of patient information, including the Patient Rights and Health Insurance Portability and Accountability Act (HIPAA);
  - (iv) Ethical and professional standards of practice;
  - (x) Recordkeeping and inventory control; and
  - (xi) Patient and caregiver communication, including communicating with diverse populations.
- (b) Didactic training may include self-directed learning experiences, including but not limited to home study, computer programs, internet or web-based courses.
- (c) The program shall ensure the required didactic training evaluates a participant's knowledge of the topics listed in paragraph (C)(2)(a) of this rule. The evaluation must include a minimum of 100 questions. The participant must achieve a minimum score of seventy percent to complete the evaluation.
- (d) Three hundred and twenty hours of practical experience in a pharmacy under the direct supervision of a licensed pharmacist that directly relates to all the activities permitted in paragraph (B)(1) through (B)(6) of rule 4729:3-3-01 of the Revised Code.
- (3) A written or electronic record of training and education shall be maintained as part of the training program that documents the completion of the training requirements, including the number of didactic and practical experience hours completed. This documentation must include an attestation by the program director and the terminal distributor's responsible person where the technician is employed that the technician trainee has successfully completed the training program and certify the competency of each technician completing the training pursuant to this rule. A copy of the documentation shall be provided to each participant who successfully completes the program.
- (4) The program director must ensure that regular and ongoing assessments of program effectiveness are conducted and use the evaluations for continuous improvement of the program. Measures shall include, but are not limited to, the following:
- (a) Performance on national certification or licensure exams;
  - (b) Program completion; and
  - (c) Program participant satisfaction.

(5) The program shall maintain the following records for a minimum of three years and shall be furnished to the state board of pharmacy within three working days of receipt of a request from the board:

(a) All technician training records and evaluations;

(b) Program assessments conducted in accordance with this rule.

(C) In order to perform non-sterile drug compounding, a pharmacy technician trainee shall complete the following training requirements prior to compounding non-sterile preparations:

(1) All training requirements set forth in this paragraph shall be appropriately documented and made readily retrievable for immediate inspection by an agent of the state board of pharmacy. Documentation shall be maintained by the terminal distributor of dangerous drugs for a minimum of three years.

(2) Training shall comply with the requirements set forth in the United States pharmacopeia chapter <795>, USP 38 - NF 33, or any official supplement thereto (3/18/2017).

(3) Training shall be obtained through completion of a site-specific, structured on-the-job didactic and experiential training program and shall not be transferrable to another practice site, except between practice sites under common ownership and control.

(4) A pharmacy technician trainee shall complete a minimum of twenty hours of documented experiential training in compounded non-sterile preparations.

(5) When the responsible person or a pharmacist designated by the responsible person is satisfied with the employee's knowledge and proficiency, the responsible person or the responsible person's designee will sign the documentation records to show that the employee was appropriately trained in accordance with this rule.

(6) Ensuring pharmacy technician trainees are properly trained shall be the responsibility of the terminal distributor of dangerous drugs and licensee's responsible person.

(D) A terminal distributor of dangerous drugs and the licensee's responsible person shall be responsible for the implementation of policies and procedures for additional training appropriate to duties and responsibilities performed by a pharmacy technician trainee as well as an ongoing quality assurance plan to ensure competency.

(E) Unless otherwise approved by the Board, a board approved training program is only valid for application as a registered pharmacy technician or certified pharmacy technician if the program was completed within five years of application for registration.

(F) Paragraph (E) of this rule does not apply in the following circumstances:

### **4729:3-3-05 – Duty to Report**

(A) Pursuant to section 4729.10 of the Revised Code, a pharmacy technician trainee, registered pharmacy technician or certified pharmacy technician who has knowledge, from direct observation or objective evidence, of violations described in paragraph (B) of this rule shall report such conduct to the Board.

(B) The following shall be reported to the Board:

(1) Conduct indicating an individual licensed or registered by the board is addicted to or is suspected to be abusing alcohol, drugs or other chemical substances or impaired physically or mentally to such a degree as to render the individual unfit to carry out their professional duties;

(2) Except as provided in paragraph (G) of this rule, violations, attempts to violate or aid and abet in the violation of any of the provisions of Chapters 4729., 3715., 3719., 2925. and 2913. of the Revised Code, or any rule adopted by the board under those provisions by an individual licensed or registered by the board; and

(3) Conduct by a pharmacy technician trainee, registered pharmacy technician, certified pharmacy technician, pharmacy intern or pharmacist that constitutes unprofessional conduct or dishonesty as defined in rule 4729:3-4-01 of the Administrative Code.

(C) Pursuant to section 4729.23 of the Revised Code, the identity of the registrant making a report under paragraph (B) of this rule shall remain confidential.

(1) The registrant making a report may be required to testify in a disciplinary proceeding without disclosing the registrant reported the violation(s) in accordance with this rule.

(D) Reporting required in accordance with paragraph (B) this rule shall be made in writing, either by mail, using the board's online complaint form (available on the board's web site: [www.pharmacy.ohio.gov](http://www.pharmacy.ohio.gov)), or by telephone and shall include the following information:

(1) The name of the licensee or registrant or other individual in violation;

(2) The violation which is believed to have occurred; and

(3) The date(s) of and place(s) of occurrence(s), if known.

(E) An individual registered pursuant to this division shall notify the board of any of the following:

(1) Any criminal conviction within ten days after the date of conviction, except for minor traffic violations such as parking violations, speeding tickets and violations such as failure to obey a red light and failure to use a turn signal or expired registration.

(2) Convicted of, plead guilty to, is subject to a judicial finding of eligibility for intervention in lieu of conviction in this state under section 2951.041 of the Revised Code or the equivalent thereof in another jurisdiction within ten days after the individual is deemed eligible.

(3) Granted entry into a diversion program, deferred prosecution program, or the equivalent thereof within ten days after the individual is granted entry into a program.

(4) Any arrest for a felony within ten days after the arrest.

(F) An individual registered pursuant to this division shall notify the board of any disciplinary licensing or registration action taken by another state against the registrant within ten days of the notice action. This includes, but is not limited to, a disciplinary action that is stayed pending appeal.

(G) A violation of division (A)(2) of section 3715.52 and section 3715.64 of the Revised Code is not required to be reported pursuant to paragraph (B)(2) of this rule.

(H) Pursuant to rule 4729.10 of the Revised Code, in the absence of fraud or bad faith, a person who reports in accordance with paragraph (C) of this rule or testifies in any adjudication conducted under Chapter 119. of the Revised Code is not liable to any person for damages in a civil action as a result of the report or testimony.

### **4729:3-4-01 – Disciplinary Actions**

(A) The state board of pharmacy, after notice and hearing in accordance with Chapter 119. of the Revised Code, may impose one or more of the following sanctions on a pharmacy technician trainee, registered pharmacy technician, or certified pharmacy technician if the board finds the individual engaged in any of the conduct set forth in paragraph (B) of this rule:

- (1) Revoke, suspend, restrict, limit, or refuse to grant or renew a registration;
- (2) Reprimand or place the holder of the registration on probation;
- (3) Impose a monetary penalty or forfeiture not to exceed in severity any fine designated under the Revised Code for a similar offense, or in the case of a violation of a section of the Revised Code that does not bear a penalty, a monetary penalty or forfeiture as specified in section 4729.96 of the Revised Code.

(B) The board may impose the sanctions listed in paragraph (B) of this rule if the board finds a pharmacy technician trainee, registered pharmacy technician, or certified pharmacy technician:

- (1) Has engaged in any of the conduct specified in division (A)(2) of section 4729.96 of the Revised Code.
- (2) Violated any state or federal law or rule regardless of the jurisdiction in which the acts were committed, except for minor traffic violations such as parking violations, speeding tickets and violations such as failure to obey a red light, failure to use a turn signal or expired registration.
- (3) Convicted of, plead guilty to, is subject to a judicial finding of eligibility for intervention in lieu of conviction in this state under section 2951.041 of the Revised Code or the equivalent thereof in another jurisdiction.
- (4) Granted entry into a diversion program, deferred prosecution program, or the equivalent thereof.
- (5) Committed acts that constitute moral turpitude as defined in section 4776.10 of the Revised Code or gross immorality.
- (6) Committed acts of moral turpitude.
- (7) Engaging in dishonesty.
  - (a) Dishonesty includes, but is not limited to, making any statement intended to deceive, misrepresent or mislead anyone, or be a party to or an accessory to any fraudulent or deceitful practice or transaction in pharmacy or in the operation or conduct of a pharmacy.

(8) Engaging in unprofessional conduct.

(a) Unprofessional conduct means conduct unbecoming of a licensee or registrant or detrimental to the best interests of the public, including conduct that endangers the health, safety or welfare of a patient or client. Such conduct shall be in connection with the duties performed by a licensee or registrant and shall include, but not be limited to, the following acts: verbal abuse, coercion, intimidation, harassment, sexual advances, improper use of private health information, threats, degradation of character, indecent or obscene conduct, and theft.

(9) Has been disciplined by any professional licensing board or agency or has surrendered a professional license with discipline pending.

(10) Violated any restrictions placed by the state board of pharmacy on a registration or violated any terms of a board order issued against the licensee.

### **4729:3-5-01 – Continuing Education**

(A) As a condition for the renewal of a certificate of registration as a registered pharmacy technician, the registrant shall complete a total of 20 contact hours (2.0 C.E.U.s) of continuing pharmacy education during the twenty-four months preceding the expiration date of the technician's registration. The continuing pharmacy education shall be in pharmacy technician-specific subject matter and shall include, at a minimum, the following:

(1) Two contact hours (0.2 C.E.U.s) of continuing pharmacy education shall be in the subject of pharmacy jurisprudence (law).

(2) Two contact hours (0.2 C.E.U.s) of continuing pharmacy education shall be in the subject of patient or medication safety.

(B) Except as provided in paragraph (C) of this rule, all continuing education shall be approved by the Accreditation Council on Pharmacy Education (ACPE).

(C) Pharmacy jurisprudence requirements in paragraph (D)(1)(a) of this rule may also be obtained through a board-approved jurisprudence continuing education program.

(D) Paragraph (A) of this rule does not apply to registered pharmacy technicians that obtain an initial registration within 6-months of the expiration date of the registration.

(E) The state board of pharmacy may grant extension periods and waivers for the completion of continuing education requirements for veterans and their spouses. If a current registered technician or their spouse is called to active duty for military service, the time period allowed for completion of any continuing education requirements will be extended by the amount of time that the registered pharmacy technician or the technician's spouse was on active duty. A registered technician seeking an extension period or waiver must provide documentation to the board demonstrating active-duty service.

(F) Registered pharmacy technicians shall keep all certificates and other documented evidence of participation which have been issued for approved C.E.U.s for which the pharmacy technician has claimed continuing education units towards renewal of the technician's registration for a period of one year following the year in which evidence was required for renewal.

(1) Documentation, as determined by the state board of pharmacy, shall be submitted only when requested by the board.

(2) The board may monitor compliance by conducting an audit of registrants, in a manner determined by the board, each reporting period.

(3) The board may require the reporting of continuing education units to a national register.

(G) As a condition for the renewal of a certificate of registration as a certified pharmacy technician, the registrant shall complete all continuing education requirements necessary to maintain the registrant's pharmacy technician certification.
